## ICT Grand Challenge: WATER

### Greenenvironmentindia in the 2<sup>nd</sup> phase

Greenenvironmentindia is one among the four companies selected out of 10 for the second phase of "ICT Grand Challenge 2020- to develop a

**'Smart water supply measurement and monitoring system'** for the "Prototype-to-Product stage".

**MeitY**

Government of India

Our team has successfully

completed demonstrating the first stage of 'Ideation to Prototype' at C-DAC (Centre for Development of Advanced Computing), at their Bangalore centre. The project is on Real Time Monitoring of Quality & Quantity of Piped Drinking Water Supply which throws us a pan-India marketing opportunity with support of government of India. Prototype-to-product, the second stage will be

taking 3 Months (Maximum) for completion, followed by deployment period for one month.

*The ICT Grand Challenge to develop a 'Smart*

*water supply measurement and monitoring system' was launched by the Ministry of Electronics and Information Technology (MeitY) in partnership with National Jal Jeevan Mission under the Ministry of Jal Shakti in order to harness the power of technology in water management.*

**Har Ghar Jal  
Jal Jeevan Mission**

Greenenvironmentindia team at GIFT

Greenenvironmentindia's RTM 2.0 installed as pilot for two months at the STP of Gujarat International Finance Tec-City (GIFT). Testing and calibration of sensors of the RTM was completed on March 25, 2021. GIFT City is India's first International Financial Services Centre (IFSC).

The GIFT City is planned on 886 acres of land with 62 Mn sq. ft. of built-up area, which includes office spaces, residential apartments, schools, hospitals, hotels, clubs, retail and various recreational facilities. Companies from financial Services, technology and all other services sector will be targeted as potential occupants within the city.

## Umngot: The Cleanest River

Umngot river of Meghalaya is considered to be the cleanest river in India. It is every nature lovers' delight with its water being so clear that the boats are seen as if floating on the glass. Umngot, situated in the middle of lush green

forests is renowned as a hidden paradise in the hills. The river is popularly known as Dawki as it flows through the town of Dawki in East Jaintia Hills district near the India-Bangladesh border.

## RTM Installation:
